NEW BOOKS FOR THE LIBRARY

The "Father and Son" Collection of books in the Academy Library has recently had a number of additions presented to it. To date books have been presented by Mr. F. H. Valentine, Mr. A. M. Moore, Mr. Alexander Chandler, Mr. J. E. Moore, Mr. Walter C. English, Mr. Wallis J. Budgell, Mrs. D. W. Gurnett, Mr. Scott Sloane, Mrs. Laue Baer, Mr. F. H. Phillips, Mr. Neal Boyd, Mr. Philip English, Mr. Arthur W. Hall, Mr. W. H. Fearnside, Mr. P. P. Ray, Mr. F. L. Smith.

Mr. Ferguson presented the Library with an entire set of Booth Tarkington's novels handsomely bound. Mr. Ferguson is a member of the Publishing firm of Doubleday, Page and Co. and has offered to present each year to the Academy Library a full set of books of some one author, published by that firm. The set includes the following Tarkington novels which the Library has not had heretofore:

The Flirt
The Gentleman from Indiana
Ramsey Milholland
Quest of Quesney
The Two Van Revels
In The Arena
The Magnificent Amnerons

DUMMER WILL HAVE TENNIS TEAM

Dummer will again put a Tennis Team in the field. The courts are receiving attention. The damage done by the November storm has been repaired and the back-net is now in good condition. New material has been purchased to resurface the courts. The new markers are expected to be in place this week so that actual practice may begin. Mr. Webber will coach the team. He has Watkins of yast year's champion outfit and Horr who was a substitute. Of the new candidates little can be said at present for they have not had a chance to show their ability. A schedule is under way.

GOLF PROSPECTS LOOK GOOD

With the coming of Spring Coach Skerrye has started his tee-parties. An encouraging number has answered his invitation and the prospects of a golf team look good. Two veterans from last year's team, W. Kenney and English, will again be available. Of the new material Arnold shows the most promise. Schultz of last year's squad has shown ability and with a little more experience will make some of the other aspirants sit up and take notice. Most of the players are making arrangements to take a few lessons from Mr. Lowe, the club professional. A schedule is in the making and already matches have been arranged with Exeter, Boston Latin, and St. John's. Some of the candidates are Terhune, E. Cox, Budgell, McKinney, Chase, R. Hall, D. Hall, Phillips, Mathes, R. D. Allen, C. Schultz, and Lawson.

Queen Victoria	Strachey
The White Monkey	Lalsworthy
Ramona	Helen Hunt Jackson
The Black Arrow	R. L. Stevenson
Odd Craft	W. W. Jacobs
The Green Hat	Michael Arlen
Peregrine's Progress	Jeffrey Farnol
The Spartan	Caroline Snedeker

Fowle '24, former editor of the Archon, who has been spending the winter in Hollywood will shortly return East to prepare for the College Entrance Examinations.

A RESUME OF WINTER SPORTS

Now that the winter sport season is at an end let us look over the results. All three teams have shown a steady improvement over the work of the previous year. The track team under the leadership of Capt. Whalen had a perfect score. Unfortunately three out of the meets scheduled had to be canceled because of the grippe epidemic but in the two remaining meets Dummer decisively defeated Malden High school and Manning High of Ipswich. Four men were developed this year who will prove of great value next year, L. Kenney and Cox in the dashes, Ruiz in the high jump and White in the distance events. Captain-elect White, with five letter men to assist him should have no trouble in leading a victorious team next season.

The basketball team was an improvement over the 1924 aggregation. The team won nine out of the thirteen games played. Captain Hinds, Whalen and Ruiz did the brunt of the offensive work, while Forsberg and Arnold were the big noise in the back court. Ruiz, a newcomer to basketball last year showed the greatest improvement and another year in the court ought to put him among Dummer's elect in basketball. The one great lack in the team throughout the season was the lack of a real forward. It might be said that Dummer's team was composed of five backs. Watkins and Fitzsimmons had all the earmarks of developing into first class forwards at the beginning of the season but they lacked the punch when put to the acid test.

Hockey the newest sport at Dummer is still crude. Although the team surpassed the team of 1924, in its ability to score, nevertheless it showed the same weakness, the inability of the boys to skate. Until we can develop a few skaters who can dribble a puck and the same time keep their balance our teams will be in the same condition as the past two years. The one outstanding feature of the year, even casting into the shade that single goal that was scored, was the development of a goal tender. Terhune a green man has proved to be the best that we have had for years. The fact that all of our games except one were lost by score of 1 to 0 is proof enough of his ability. Captain-elect Emerson will have the whole team as a nucleus on which to develop a working combination for next year.

In regard to Junior Athletics we feel that they have not received the

LARGE SQUAD OUT FOR BASEBALL TEAM

Baseball practice has started in earnest with the opening of school for the final term. Some work has been done on the diamond to put it in shape for this season at the end of the season a permanent diamond will be located and laid out. The present location will be temporary until the new field is finished. Some of the present diamond has been resurfaced to make the handling of ground balls a little more sure.

A large squad answered Mr. Reagan's call. Five of last year's team were on hand to make the newcomers hustle for a position. For the mound three candidates have appeared, White who has had some experience with Deering High, McGinley, who is equally at home in any position on the team, and Fitzsimmons, a youngster with lots of promise. For catchers Forsberg, last year's catcher, Emerson and Derby have shown the best work sofar. First base is being looked after by Watkins, center fielder last year, Capron, another south-paw, and Emerson. Second will absorb all the attention of Captain Hinds. Hart is making a fight for short stop, with Capron filling in when not on first. The hot corner is attracting L. Kenney and Sleeper with the former having the edge at the present time. For fielders positions McGinley, J. Morse, Sawyer, Haley, L. Brown, Davis, Eb. Jackson, Lovett, and Alexander are the most promising players.

attention that they deserve. It is here that we must start the material for our future teams. It is here that the future athlete must get his experience in the game and learn the value of team work. How much instruction did these boys receive in track and hockey? None. Why not instruct these little fellows in how to run corners on the track so that later time may not be wasted in teaching this fundamental. Why not a little instruction in hockey so that when the grown up Junior becomes a candidate for the varsity he will know which end of the stick is the business end. Train up the athlete in the way he should go.

THE MORSE FIELD

Contractor Little has resumed work on the Athletic Field, and with good weather should have the field in good shape by the end of May. The new part will not be available until there is a good grass surface.

EDITORIAL

Spring is here, and the young man's fancy, in Dummer at least, turns, or should turn, to thoughts of Baseball, tennis, and golf.

Spring is a difficult time. It is warm, and there are too many things to do outside to make studies a joy. It is a great temptation to lie on one's back in the sun and just dream. The only difficulty is that there is infinitely more work to be done, than at any other time. Those College Board or finals are beginning to loom unpleasantly close, in fact, they almost leap at us, and from a not very great distance, too. It is an awful thing to realize, about two days before exams. that when you come right down to it you really don't know an awful lot about the stuff, and it is still worse to sit in the exam room hopelessly at sea, gazing aimlessly at the clock and wondering how long this must endure. The wise thing to do is to start back at the beginning of the book and review now. He who hesitates is pretty likely to flunk.

With the proper support from the school this year's baseball team ought to crash through with a fine collection of scalps. The gang looks pretty good so far. "Pop" Farrell, who has seen every Dummer team since Noah's ark, says that last year's team was about as hard hitting a bunch as he ever saw here. Most of last year's hitters are back, so with a little polishing in the fielding side of the game that ball team ought to be pretty good. The first thing to concentrate on is beating Groton. What if they have practiced in a cage all winter? They've lost their star pitcher, and we have a ball team this year. Beat Groton!

ALUMNI

Robert Hawkes, Dummer '16, was a recent visitor to the school. Hawkes is working for the Wheeler Reflector Co.

Hosea Pino-Suarez will complete his course in the University of Mexico Law School this year.

L. Fowle '24 will return from California about May 1st and will attend a tutoring school to brush up for the College Board.

Nash ex '23 is spending the winter at Palm Beach.

Ashcraft '22 and Thomas '23 were recent visitors at school. They got in a little baseball practice with the team. Thomas will make a bid for the freshman team at Brown.

G. Smith '21, who will graduate from St. Stephen's this June will return to Dummer in September as a member of the Faculty. He will teach Latin and French.

Gardiner '23 is out for the freshman baseball team at Yale.

Lufkin '22, the president of the Student Council, at the University of New Hampshire, was a visitor at the opening of baseball practice.

Humphreys '22 is, the ranking freshman at Norwich University. Valentine his classmate is a close second. "Val" spent a day with us recently.

Harkness '21, manager of the next year's Bowdoin football team, was back on the campus to renew old acquaintances.

Ingham '24 in addition to his track work is making a bid for the Freshman Glee Club at Yale.

At a recent meeting of the Bowdoin hockey team, Cutter '22 was elected captain for next season.

L. Saunders is located in Guaro Oriente, Cuba.

The school ought to support the student council and cooperate with it a bit more. Upon this year's student council hangs the success or failure for a while at least of student government at Dummer. It is encouraging, very encouraging, to compare this council with last year's. This council is no figurehead, it is really doing things, and it is up to the school to make it a success. Of course no student council can accomplish anything without the help of the school. This year the school is doing its part pretty well, but it is for everyone to remember that if the plan of student government does not work out well in Dummer it is a personal reflection upon every student in the school.

NEWS OF INTEREST

The following add clipped from a Newburyport Herald of August 13, 1855 will show how time has changed vacations, tuition, and board at Dummer Academy in the last seventy years.

DUMMER ACADEMY

Byfield.

The Fall Term of this Institution will commence Thursday, August 23d. and continue fourteen weeks. Tuition \$6, payable in advance—Board from \$2.00 to \$2.50 per week. Students at their several boarding places are under the special oversight of Mr. Marshall Henshaw, the Principal.

References—Benjamin A. Gould, Boston; A. Huntington, Salem; Allen W. Dodge, Hamilton; Rev. Mr. Fitz, Ipswich; Jeremiah Coleman, Newburyport.

Rowley, Aug. 2d, 1855 JOHN PIKE

Mr. W. B. Skerrye will spend next year studying in France. His place will be taken by Gilbert Smith, Dummer 1921 and St. Stephens 1925.

Mr. Webber, of the faculty, will sail for Europe June 27 and will spend, the summer in travel.

Mr. Temple will walk no more, he will have "Liz" carry him.

The probation rule will be put into action at once to offset the Spring Fever.

The members of English II, III, IV are each writing a two thousand word story as a class assignment. The best two stories will be published in the Milestone and awarded the short-story prizes.

There will be twelve contestants in the Ambrose Prize-Speaking Contest at Commencement.

The baseball team will be equipped with new suits this year. The suits will be Yale gray. Sweat shirts with a small red block D on the left are will take the place of the regulation shirts.

During the past week the class pictures have been taken, also pictures of the various class organizations. A panorama of the entire school and the interior of the Lang Gym, with the new apparatus was also taken.

A new floor has been laid in Perkins Hall. Now the boys may be able to get into the dormitory without waking up the Dean of History.

Following the policy adopted two years ago the school will set out four thousand pine trees and one thousand spruce trees. This is done to reforest the hill above the Parsons School-house. These trees will form a source of income in years to come.

SONS OF DUMMER HISTORICAL SKETCH

Continued from recent issue

"The society being then organized the following votes were put and unanimously agreed to—1st. Voted, that it is expedient to form a society to be called 'The Sons of Dummer Academy'; 2nd. Voted, that the chairman and secretary be a committee to prepare rules and regulations for the future government of the Society and report at an adjournment of the meeting. The meeting was then adjourned to Saturday, the 29th. day of June at 4 o'clock in the afternoon, at the office of M. Scott.

Atts. Jacob Gerrish, Secretary."

The next session was on the afternoon appointed and those present were Dudley A. Tyng, Oliver Prescott, Jeremiah Nelson, Edward Sprague Rand, Jacob Gerrish, Alfred Pike and Jonathan G. Johnson. At that time were drawn up and adopted rules and regulations in 14 articles. They are too long to be given in their entirety but a few references to them may be of interest. All, who have been pupils at Dummer were eligible for membership, provided they had attained the age of 21 years. The age restrictions have long ago been dropped. The dues were \$2 a year, now the payment of \$1 entitles a son of the academy to join and if there are any further amounts to be paid the present secretary is not cognizant with that fact. For \$50 a life membership could be secured. A few of these nowadays would help out the treasury. Article 5 of the old code says, "There shall be a meeting of the Society at the academy annually, on the day of the public examination and exhibition of the pupils." This is a time honored custom, in point of attendance at the graduations, although the events are now called commencements. The rest of the rules in the first constitution largely apply to the duties of the officers, the general functions of the organization and miscellaneous matters of perhaps little moment to the average reader today although no doubt there are some who would consider them important.

It is worth while to glance over the first membership roster as given in the records under date of June 29, 1822. The list showed that the students of the academy had in the preceding years come from nearly every section of Massachusetts and other New England sections, especially Main and New Hampshire, were well represented. In the academy enrollments during the past few years, it has been rare when there were not young men from more than half a dozen states and several foreign countries at the old school. Here are the Sons of Dummer whose names were on the book over a century ago; Nathaniel Adams, Esquire, Portsmouth, N. H., Daniel Adams, Esquire, Newbury; Isaac Adams, Esquire, Portland, Me.,

Samuel Balch, Amesbury; Hon. George Bradbury, Portland, Me., Hon. John Bromfield, Boston; William Bartlett, Junior, Newburyport; Peter LeBreton, Newbury; Peter LeBreton, Jr., Newbury; Jonathan S. Burrell, York, Me., Edward Cutts, Portsmouth, N. H., Hon. Charles Cutts, Portsmouth, N. H., Jeremiah Colman, Newbury; Rev. Poor, West Newbury; Benjamin Pitman, Salem; Gorham Parsons, Brighton; William Prescott, Boston; Benjamin Parker, Bradford; Nathaniel Perley, Hallowell, Me., Charles C. Parsons, Boston; Jeremiah Perley, Gray, Me., Alfred Pike, Newburyport; Benjamin Poor, Newburyport; Stephen Patten, Portland, Me.; Rev. Humphrey C. Perley, address not given; Putnam Perley, Newbury; Dr. Abiel Pearson, Andover; J. Pike, Newbury; Hon. Edward S. Rand, Newburyport; John Saunders, Salem; Joseph Sewell, Boston; Hon. Daniel Sargent, Boston; William Sawyer, Boston; Hon. Thomas Stevens, Beverly; Silas Stickney, Charlestown; Hon. Clement Stover, Portsmouth, N. H.; Henry Sargent, Boston; Joseph Searle, Rowley; George Storer, Cambridge; Joseph Searle Ja. Rowley; John Tucker, Boston; Dudley Todd, Portland, Me., Dr. John Thurston, Portsmouth, N. H., Jeremiah Wheelwright, Newbury; William Moody, Belfast, Me., Benjamin Hersey, Topsham, Gilman White and as the secretary quaintly says, "and with the before named, Dudley A. Tyng, Oliver Prescott, Nathan Noyes, Jacob Gerrish, John Scott, Jonathan Greenleaf Johnson, Eleazer Johnson, Junior, are the regular members of the association." Written in smaller handwriting is (One hundred names)

evidently meaning the number in the society. After a goodly number of the names is put down "dead." Today all have long passed away of those written here.

They had banquets even in that early day for at the organization meeting John Scott, Esq., (they were particular about titles then) and Dr. Jonathan Johnson were appointed a committee to provide a dinner for the society.

(In the second article the story of the first banquet, and following rallies, with miscellaneous activities, up to nearly the middle of the last century, will be related).
